OPTION To minimize clean-up time, write the Magtiles letters directly on the blue nylon (above the clear pocket) using permanent marker. Students can match tiles-to-pocket for a quick matching exercise during clean-up time.

CARE AND CLEANING Magtiles can be cleaned with a non-abrasive cleaner (such as Formula 409®) and should last through many years of service.

Should you lose or accidentally destroy any manipulatives, call us at 800.225.5750 or email epsbooks@epsbooks.com. We will replace a limited number at no cost for up to five years.
