

TEACHER'S GUIDE for The Paragraph Book

Book 1: Writing the How-to Paragraph

LESSON 1 QUIZ

Name _____

Date _____

Write *T* if the statement is true. Write *F* if the statement is false.

The first one is done for you.

1. T A paragraph is like a family.
2. _____ The sentences in a paragraph should not be closely related.
3. _____ A formula is like a recipe. It tells how to put something together the same way every time.
4. _____ The FNTF formula will organize your How-to Paragraph for you.
5. _____ The purpose of a How-to Paragraph is to give directions, or to tell how to do something.
6. _____ FNTF stands for *First, . . . Then, . . . Then, . . . Finally, . . .*
7. _____ To make your paragraph clear and simple, pretend you are writing instructions for someone who knows nothing about the way to do what you are explaining.
8. _____ You will be using the FNTF formula again and again, so it's a good idea to memorize the formula words.
