To the Teacher...

The lessons and activities chosen for this Pacing Guide are those that we recommend as areas of focus within the Common Core Support Coach ELA curriculum. It is designed for 16 days of instruction, so if your summer school program is shorter or longer, you can implement more or less of the options. Depending on whether you wish to gather more comparative data on student’s pre- and post-program performance, or gather formative data during the program, you can rely on either the Support Coach Practice Tests or the Lesson Quizzes for assessment data.

The needs of each class are different, so incorporate the parts of the lessons (e.g. multiple reads) that you see working most effectively for your students.

Have a wonderful summer program!
