

Circle 30 irregular verbs hidden in the rows of letters. Each hidden irregular verb is spelled with a consonant blend—two or three consonants that blend their separate sounds together when you read or spell them.

bentghheldispokeopstoodbjblednksdrewptblewpoldtoitold
 chrbrokeamgflewghtmnbxstolertzupobroughtimhurtwept
 builtoisweptyadtercreptcorfrozeheardsgagsleptdrankilostp
 grewkeptleftlodmeantingspentcfoiwsamnstythrewrstruck

Write the present tense of each hidden irregular verb. Underline any consonant blends in these words.

_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

The words bring and take—and their irregular past tense forms, brought and took—can be confused. When the object is going away from the speaker, use take—or one of its word forms. When the object is coming to the speaker, use bring—or one of its word forms.

Write sentences that use bring and take—and their word forms. Then pair and share with a partner to proofread your work.

1. Look at the ending letters of these words. Add ing. Then write the rule.

brag _____ slip _____ drum _____

knit _____ scrub _____ forbid _____

begin _____ stir _____ trot _____

2. Look at the ending letters of these words. Add ing. Then write the rule.

3. Look at the ending letters of these words. Add ing. Then write the rule.

complete _____ leave _____ notice _____

become _____ change _____ surprise _____

excite _____ drive _____ divide _____

Find and write words that end in the ing suffix. Then write the words without the ing suffix.

Circle any errors in the underlined parts. Then write the words right.

A compound word is two compleet words combined to make one word, such is the word everything. Here's a game too play with compound words. Start buy creating along list of compound words. Then print the two word parts of all of the compound words on word cards. Of understand is one of you're compounds, you'd print under on one card and stand onanother. Mix up all the words and place then face down on a surface, like the floor. Now you are already to begin players each draw five cards. Then everyone takes turns drawing a card from the pile trying two make a compound. Bravo to the player making the most compound words! That player is the winer of the game!

A compound sentence is two whole, stand-alone sentences that are joined to make one sentence. A word called a conjunction joins the two sentences, such as and, yet, or, so, and but.

Yesterday afternoon there were thunderstorms, but today there's sunshine.

Write compound sentences. Use as many compound words as you can in your compound sentences.
