PASSAGE LEXILE RANGES

WORDLY WISE 3000[®]

Direct Academic Vocabulary Instruction

Grades 2–12

Placing Your Students in Wordly Wise 3000®

While the Student Books in *Wordly Wise 3000* correspond to grade levels, many teachers report using a variety of levels within their classes—either for students who struggle with on-level material or as more challenging material for their ablest students. We recommend that, in general, you begin a student in the *Wordly Wise 3000* book corresponding with his or her nominal grade.

All the reading passages have been assigned measures using The Lexile Framework® for Reading. See the chart below for the Lexile® ranges covered in each Student Book. If you know students' Lexile measures, you can match them to the correct *Wordly Wise 3000* for another placement option.

Book	Lexile Ranges
